ASX Release

Alliance Aviation Services Limited (“Alliance”) (ASX: AQZ)

Alliance Renews Contract with World’s Leading Gold Miner Newmont

Alliance is pleased to announce it has renewed its FIFO contract with Newmont, with a five-year contract, plus extensions.

“We are excited to continue our relationship with Newmont, a customer we have serviced since 2011. Newmont is the largest gold miner in the world and the operations we are servicing are some of the most remote.” said Alliance’s Managing Director, Scott McMillan.

Specifically, the contract services Newmont’s operation at Tanami in the Northern Territory.

Services are operated from our bases in Perth, Darwin, Alice Springs, and Brisbane with 24 sectors per week operating over a route network of 5,758 kilometres. That network results in this contract being our single largest FIFO operation, in terms of hours flown. These services have been provided over the last five years at an average on time performance of 97%.

“Alliance is the leading FIFO operator in Australia, providing an essential service to major resource players like Newmont, providing the safe and on-time transportation required in any efficient mining operation. The company jealously guards and values our customers by providing superior operational performance. It is the key reason we have such a strong record of retaining our customers.” said Mr McMillan.

This announcement has been authorised for release by Alliance Aviation Services Limited’s Board of Directors.

About Alliance

Alliance is Australasia's leading provider of contract, charter and allied aviation and maintenance services currently employing more than 1,300 staff. The Company provides essential services to mining, energy, and government sectors as well as wet lease services for other airlines.

Alliance holds IATA's IOSA certification, the only Australian contract and charter operator to do so and Flight Safety Foundation "BARS Gold" status, the first such carrier in Australia to achieve gold status.

Alliance is unique in that it owns its whole fleet. Currently that fleet consists of 37 Fokker 70/100 aircraft, 45 Embraer E190 aircraft with firm purchase commitments stretching to mid-2026 for a further 22 E190 aircraft. Seven of those delivered aircraft are in the process or have been parted out.

The company dry leases three E190 aircraft to a third party, with those leases recently extended for a further five years.

Alliance has world leading operational performance, a key attribute sought by its customers. Alliance has operational bases in Brisbane, Townsville, Cairns, Adelaide, Perth, Darwin, and Rockhampton.

Alliance is locally owned with the majority of the Company's shareholders located in Australia and New Zealand.
